THE WAY

TERM 3 | THE WAY NEWSLETTER | FRIDAY 7 AUGUST 2026

ROBOCUP JUNIOR SYDNEY REGIONAL

On Saturday 25 July, Thomas Hassall Anglican College was proud to host the RoboCup Junior Sydney Regional, welcoming schools from across Sydney for a day of innovation, collaboration and competition.

The day also marked an exciting milestone for our robotics program, with students from Years 6 to 9 competing in their first RoboCup Junior Line Rescue competition. Throughout the event, students approached each challenge with enthusiasm, perseverance and teamwork. They demonstrated resilience when faced with setbacks and showcased the problem-solving skills, creativity and collaboration that are central to robotics learning.

We were also pleased to receive positive feedback from visiting schools, many of whom commented on the welcoming atmosphere, the quality of our facilities and the hospitality shown by our staff and students. Their feedback reflected the strong sense of community that is a hallmark of Thomas Hassall Anglican College.

Hosting the RoboCup Junior Sydney Regional provided an opportunity to showcase not only our facilities, but also the culture of learning, service and collaboration that defines our College. We thank everyone who contributed to the success of the event and look forward to seeing our robotics program continue to grow and inspire students in the years ahead.

OUR RESULTS		
Team: Riley Rover Line Rescue		
1st	Rachel M	Year 8
4th	James L and Jason O	Year 6
