BRAND NEW COLLEGE APP

Introducing Carer Orbit - Our New College App

We are excited to share that from Week 3 in Term 4, our College will be transitioning to Carer Orbit as our new College app.

A number of parents have been trialling the app over the past few weeks and providing valuable feedback to help us refine the experience ahead of the College-wide rollout, thank you to our Pilot group.

Carer Orbit is now available to download and set up, giving families the opportunity to become familiar with the platform before it officially becomes our primary communication app next term.

The flyer below provides instructions on how to download and set up the app. When prompted, please enter the following school code: thac

IMPORTANT - PUSH NOTIFICATIONS

While you can download and use Carer Orbit now, push notifications will not be activated until the official Term 4 launch. Until then, please continue to rely on notifications from the current THAC App.

If you would like to explore Carer Orbit during the break, we encourage you to download the app and familiarise yourself with its features. It can be found in the App Store or Play Store or you can use the QR code below.

We look forward to sharing more information about Carer Orbit next term and we thank you for your support during this transition.
