

THE WAY

TECH SAVVY YEAR TWOS

During Term 3, Year 2 students are exploring digital technology and developing their computer skills.

During Term 3, Year 2 students are exploring digital technology and developing their computer skills. They are extending the Google Docs skills that they have learnt so far this year, learning to format and lay out documents and include images.

In coming lessons, the students will be discovering features of Microsoft Word and Microsoft PowerPoint.

We are all very excited about being able to apply these skills to other areas of work in the classroom!

"It's fun learning how to put different pictures in my work!" - Eleni 2H

"I'm learning how to underline, colour and highlight. I really like it." - Aidan 2H

"I love it because on Google Docs I can share my work with my friends and the teacher." - **Lily 2H**
