THE WAY

TERM 4 | THE WAY NEWSLETTER | FRIDAY 23 OCTOBER 2026

TEMPORARY UNAVAILABILITY OF SOME COLLEGE ONLINE SERVICES

Following a recently identified worldwide security issue affecting PHP, a technology widely used by websites, the College has temporarily taken a small number of our online services offline as a precaution.

In line with advice from the Australian Cyber Security Centre, government organisations and other website operators have taken similar preventative measures.

For the College, this includes thac.online, the Parent Handbook, THAC TV and some online forms and information pages.

Our College systems have not been affected. This is a preventative measure, and these services will be restored once the necessary security updates have been implemented and it is safe to do so.

Our main College website and other online services remain available.

We appreciate your understanding.
