THE WAY

TERM 4 | THE WAY NEWSLETTER | FRIDAY 20 NOVEMBER 2026

- 

NEW LIFE IN KINDERGARTEN!

There is plenty of excitement in Kindergarten at the moment as we welcome some very special new arrivals! Our eggs have begun to hatch and we are delighted to have four fluffy little chicks with us already, with more expected to arrive soon.

Kindergarten students have been fascinated watching this wonderful process unfold, from seeing the eggs in the incubator to witnessing the chicks hatch and take their first steps. It has been a fantastic opportunity for students to observe the life cycle of a chicken firsthand and develop a deeper understanding of how living things grow and change. The excitement continues as the children watch the chicks grow each day, observing their movements, features and behaviours. There have been plenty of curious questions, excited conversations and moments of discovery along the way.
