

THE WAY

Busy working at aural analysis.

TO ANTARCTICA AND BACK - FUELLED BY CHUPA CHUPS

Year 11 Music study the Music of Nigel Westlake.

Year 11 are studying the topic: Music of the 20th and 21st Centuries. Recently they participated in an aural lesson focusing on the work *Antartica* by Australian composer Nigel Westlake.

Each Monday, Year 11 have a listening based lesson and they work on developing their aural skills - listening and responding to music. Led by our prac student from the Conservatorium of Music - **Mrs KameI**, the students watched excerpts of the IMAX documentary *Antarctica* and discussed the composer's use of the Concepts of Music in this film.

They then brainstormed the musical concept 'structure' before completing an HSC style question based on that information. Chupa Chups are a regular feature in our Aural lessons - helping to power us up.

Thank you to **Mrs KameI** for such an innovative and engaging lesson.
