BUILDING CONFIDENCE IN THE WATER

Today marked the conclusion of an eight-day swimming program for our Year 2 students. Attending daily from last Wednesday through to today, students had the opportunity to build on their swimming abilities, develop new techniques and strengthen their confidence in the water.

Throughout the program, it was wonderful to see the students' enthusiasm, progress and willingness to take on new challenges each day. The consistent sessions allowed them to practise their skills and grow more comfortable in the water.

Our Year 1 students have also been enjoying the opportunity to develop their swimming skills through the program.
