DIGITAL MEDIA LITERACY & SAFETY

SchoolTV is offering an exclusive once off webinar on Digital Media and Literacy. Dr Michael Carr-Greg and Susan McLean are leading experts and will share invaluable insights into how to empower young people to navigate the online world safely and responsibly.

Teachers work hard to ensure that students have an understanding of Digital Safety and Digital Literacy. They are teaching students to be Safe, Savvy and Social users of technology. Amongst other, students learn to take care of their devices, watch out for scammers, not to believe everything they see online and to speak to an adult, if they see anything that makes them feel unsafe.
