

THE WAY

Blue is
The dark velvet night sky dotted with stars,
A plump crayon scribbling on walls,
A bright sapphire sparkling like the deep ocean,
A juicy plum squirting juice down my shirt,
The rough, raging sea racing to shore like galloping horses,
A go-kart screeching around the track,
A shark gliding gracefully through the clear water,
Thomas Hassall uniforms racing happily off to class.
By 2H

Green is the colour of freshly mowed grass

The itchy feeling as you roll down a hill

Crunch is the sound of delicious grapes bursting in your mouth

Yummy healthy Green vegetables that give you energy

Slimy Green frogs leaping from leaf to leaf

Or like a hungry crocodile hunting for its next meal

Green is like a sparkling emerald shining in the sun

Green is the peaceful feeling when you are digging in your garden

Purple

Purple – like a grape

Like a soft, juicy plum

Purple – like a shiny, rock-hard amethyst gem
like a dark, swelling bruise on your tum

Purple – like a passionfruit
like a mysterious black hole in space

Purple – like a delicate petunia
growing at such a pace

Yellow- like a sunflower

Like a shiny, bright sunrise

Yellow- like a sour lemon

A juicy, sweet mango on a Summer's day

Yellow- like a bee buzzing in the sky

Searching for sticky nectar

Yellow- like custard drizzled over pudding

And a banana solit for desert!

YEAR 2 POETRY WRITING

Year 2 has been writing poetry and exploring colours.

We have been using various techniques such as onomatopoeia, personification, alliteration and similes. Try to spot these in our poems.
