

THE WAY

DEPUTY HEAD OF JUNIOR SCHOOL

Lights... Camera... Action! Our world famous Creative Arts Performances are a spectacular show not to be missed.

A flash of colour here and a groovy side step there - the rehearsals for Creative Arts shows are well under way. The students from Prep to Year 6 have been tirelessly preparing for and fine-tuning their stunning performances. Creative Arts Performances give students opportunities to perform in front of a public audience, many for the very first time. For some students, they are in their comfort zone and for others it is an exercise in brave risk-taking. Yet for everyone they come to learn first-hand the unique challenges, joys and personal achievements gained from participation in the Performing Arts.

We want our students to experience a holistic education at Thomas Hassall Anglican College and to be involved in diverse, dynamic and exciting activities. As educators we are thrilled to see young budding artists discover new interests and talents through the Junior School Creative Arts performances. Why not come along and be a part of these truly exciting events?

To view times and book seats for Creative Arts Nights, check out the Events listing in this edition of *The Way*.
