

THE WAY

A CUSHIONED APPROACH TO TEXTILE TECHNOLOGY

Cushions created by Stage 4 (Years 7 and 8) students in Textile Technology

Stage 4 Mandatory Textile Technology

Students undertaking the Textile Technology course in either Years 7 or 8 have fulfilled a design brief to design and produce a cushion cover in order to add interest and compliment an existing room.

The cushion cover needed be an appropriate size and include unique decorations which makes a statement about the owner and allows the cushion cover to be complement its surroundings.

Two forms of fabric decoration needed to be used when constructing the cushion cover. The cushion cover also needed be eye catching and aesthetically pleasing.

With this in mind, Stage 4 students were taught a range of construction and decoration skills so that they could effectively fulfill this design brief.
