

THE WAY

PREP AND KINDER TABLOID SPORTS CARNIVAL

It was a day of fun and sport for our Prep and Kinder students.

It was a fun day of athletic and skill-based activities that saw all students experience a variety of physical games. The students also practised their running in races before enjoying a shared lunch with our parents and friends.

A big thank you to Mrs Evans for organising our special sports day and to all the teachers who set up and supervised each activity. Thank you also to the parents who came along to support their children, some of whom participated in their very first sports carnival.
