Wonder Woman Vol. 1: The Lies - Greg Rucka, Liam Sharp (illustrator)

"Heroic. Iconic. Unstoppable. Armed with her Lasso of Truth and imbued with the power of the gods themselves, Princess Diana of Themyscira - known to the world as Wonder Woman - is one of the greatest superheroes in history.

But who is she...really? Not even Wonder Woman herself knows for sure. Diana's links both the Amazons and the Gods of Olympus have been severed. Her memories are a tangle of contradictions that even her lie detecting lasso cannot untangle.

To solve the riddle of her origin, she must embark on her greatest quest of all: finding a way back

to her vanished home. To get there, she must team up with her greatest enemy, the feral beast-woman, Cheetah. Will this unlikely alliance shine the light of truth on Diana's darkest secrets, or bury them- and her -forever?"
