

THE WAY

PHYSICAL EDUCATION CENTRE - FIRST GLIMPSE INSIDE!

The Physical Education Centre and the new playing field is now starting to take shape.

The construction program has reached a major milestone this week with the completion of the roof sheeting and the commencement of the external wall linings. As you walk up the front entry steps, you can either walk through the Hall Of Fame on the ground floor or continue up the second flight of stairs that brings you into the Viewing Gallery overlooking the Sports Hall. From the Hall Of Fame you have access to the Sports Hall, change-rooms, servery/kitchen, the boulevard and the new playing field. From the upstairs Viewing Gallery, you have access to three new classrooms and the PDHPE staffroom.

Hopefully by the end of this month there will be a sea of green with 23,000 m² of "Gully Gold" Couch rolled out over the playing field so look forward to the aerial photos over the next four to six weeks.
