

# THE WAY

TERM 4: THURSDAY 2  
NOVEMBER 2017

## STEP INTO PREP FOR 2018 STUDENTS

On Thursday last week we welcomed new families and students to the College for Preparatory Orientation.

The morning provided an opportunity for our youngest students at College next year to become familiar with their classrooms and teachers.

Many of our families had not seen our new Preparatory facility and were not only excited to see

wonderful new indoor and outdoor spaces but happy to hear that there will be a new Kindergarten building for 2019.

It was a successful and joyful day for all who came and we look forward to having these families commence with us in 2018.
