

NASSA JUNIOR AFL GALA DAY

Senior Primary AFL team played in a Gala Day at Broughton Anglican College.

The Senior Primary AFL team played in a Gala Day at Broughton Anglican College. The team won the IPSSO competition earlier in the year and entered the contest with high expectations. The event was attended by thousands (mostly flying ants, but some people too). The team played against Penrith, St Luke's and TIGS. We had a win and two losses to finish in fourth position in the

pool (although narrowly missing out on second position).

The team went on the play against Broughton and won that game comfortably.

I am very proud of the team, their efforts and improvements throughout the year. Some of the students have played together for the last three years.
