Wonder - R. J. Palacio

'My name is August. I won't describe what I look like. Whatever you're thinking, it's probably worse.'

"Auggie wants to be an ordinary ten-year-old. He does ordinary things - eating ice cream, playing on his Xbox. He feels ordinary - inside. But ordinary kids don't make other ordinary kids run away screaming in playgrounds. Ordinary kids aren't stared at wherever they go.

Born with a terrible facial abnormality, Auggie has been home-schooled by his parents his whole life. Now, for the first time, he's being sent to a real school - and he's dreading it. All he wants is to be accepted - but can he convince his new classmates that he's just like them, underneath it all?"

Wonder, the debut novel by R. J. Palacio is a beautifully written heartfelt book of one young boy's struggle to find acceptance in his new school. Sad, happy, heartbreaking and inspiring, this is a story that will stay with you for a long time. Main character Auggie is a wonderful protagonist, a person of great heart, personality and character which readers cannot help but cheer for. The novel also provides the viewpoints of other people Auggie interacts with, providing a unique insight into how our words and actions impact others.

The novel *Wonder* provides an important lesson for all readers, that we shouldn't judge someone based on their appearance. Though written for young people, this is a novel that everyone should read, young and old alike.

Before you see the recently released movie version starring Julia Roberts and Owen Wilson, make sure you read the novel first and experience a story that you will never forget!

Many great new books will be arriving in the IRC during 2018! Make sure you check 'The Way' for all the latest releases!
