

THE WAY

I knew I could!

Three Sisters!

The Group Teamwork Really Helps Me!

Brothers Forever!

We made it together!

SILVER DUKES VISIT MT SOLITARY

An eager group of Year 10 and 11 Dukes students enjoy spectacular views in the Blue Mountains near Katoomba.

Will we make it up the Axe Head? What if I am afraid of Heights? Can we carry enough food and equipment? Will I be able to cope? These anxieties always come at the beginning of a big Dukes Expedition but this time they were all well solved and group teamwork conquered every worry so that the amazing country could be fully appreciated.

The views were amazing. The cosy campfire fellowship was superb and the navigation and teamwork skills were well developed by this most enjoyable of excursions into one of the most beautiful parts of Australia. Mount Solitary provides a 360 degree panorama of Blue Mountain exhilarating wonder. It was a good place to thank God for His creation and care of us as we journeyed through challenging but absorbing country. The weather was great and we all made it

together!

The pictures tell the story best!
