STUDENT RECOGNITION SCHEME

NEW MERIT SCHEME FOR SENIOR SCHOOL

The Student Recognition Scheme

Throughout 2017 the Senior College undertook a thorough review of its 'Award' or 'Merit' System. We have decided that the time was appropriate for an overhaul of this system and members of the College Staff have spent time creating a new system for the Senior College from January 2018. The Student Recognition Scheme seeks to expand and enrich the ways in which the College acknowledges and celebrates the achievements of our students. This new approach is accessible to all students and encourages them to reach for new heights in their Engagement in College Life, Learning and Service to the College and broader Community. We acknowledge that the retirement of an old system can have its complications. We will seek to communicate with students and families and clearly explain how this new system will work. Please watch out for communication in the coming days and weeks.
