

THE WAY

THE HUB

Monday was the first HUB for 2018

Our students showcased a variety of talents and instruments for their fellow friends. **Anneliese Luxton** sang a beautiful version of Colourblind by Coldplay. **Evelyn Kilic** and **Lucas Lortoto** performed some movie themes on the piano, and **Miriam Leslie** performed on Ukelele, the theme song from Netflix new TV show, 'Stranger Things'. We also had a guest MC at the HUB this week, Mr Schrack, who brought a great bundle of energy to the event, and gave strong encouragement to all student performers.

Thank you everyone, and well done to all those student performers this week.
