

SENIOR DRUM CIRCLE

This week at the Senior 7-12 assembly, staff and students had the special sonic treat of listening to some West African rhythms performed by our Senior Drum Circle. However, this was a special performance, as they were joined by some very special guest teachers as well, who volunteered to jam along with the students live on stage (with no rehearsal!!) This was a great fun activity for everyone involved, and great for our students to see some of our teachers get involved.

Thanks to everyone, and well done to all!

Byron Mark
