

THE WAY

**TERM 1 : FRIDAY 2
MARCH 2018**

FROM THE DEPUTY PRINCIPAL

There have been so many opportunities for our students already this year.

It has been wonderful to see our students representing the College in a sporting event like the NASSA Swimming Carnival where our children strived to do their best. Thank you to the parents and staff who came to cheer them on. Year 4 have started learning how to play a wide range of instruments and Year 6 have enjoyed the learning experiences in Canberra. Years 5 and 6 also took part in a Cybersafety Seminar presented by Green Valley Police to help educate them on how to stay safe on line. Please take the opportunity to talk to your child about what they have learnt.

Mrs Lawler wrote last week about the importance of reading daily with your child. Everyone acknowledges that to improve in sport you need to practise. Our winter Olympians spend hours refining their skills to perform at a world class level. Just imagine how our children's reading skills would improve if we put the same amount of effort and dedication to that as we do to sport. The difference across a child's school life is staggering between those who read each day and those who don't. The graphic below shows this advantage. Imagine what a difference this could make to all our students if every family committed to devoting more time to reading!

Why Can't I Skip My 20 Minutes of Reading Tonight?

Student "A"
reads **20 minutes**
each day

3600 minutes in
a school year

1,800,000 words

90th percentile

Student "B"
reads **5 minutes**
each day

900 minutes in
a school year

282,000 words

50th percentile

Student "C"
reads **1 minute**
each day

180 minutes in
a school year

8,000 words

10th percentile

By the end of 6th grade Student "A" will have read the equivalent of 60 whole school days. Student "B" will have read only 12 school days. Which student would you expect to have a better vocabulary? Which student would you expect to be more successful in school...and in life?
