

THE WAY

OPEN DAY 2018

Today the College held its Open Day inviting prospective parents and students to the College to catch a glimpse of who we are whilst in action!

It was great to meet so many new families from the area. While at the College visitors had a chance to hear from Mr Whelan, be entertained by our talented music students, be served morning tea by our Class Parents and hear first hand about the College on tours by our students.

A big thank you to our Class Parents representatives on the day, **Pamela Stephens** and **Nubia Canjura Erazo**, and to the students and staff involved in the day.

If you have family or friends who have missed the day, we will be holding Principal tours, twilight and weekend tours in the coming weeks.
