

THE WAY

MONDAY MUSIC MAKING

Year 6 enthusiastically participated in Music lessons every Monday with specialist Music teachers from the Senior College.

This semester Year 6 have been developing their singing skills each week. Their current repertoire includes 'A Whole New World' from the Disney musical *Aladdin*. They have also been composing and performing their own 2 bar rhythmic ostinato. The challenge was to compose a short piece and perform it. Groups worked in pairs and students notated their original ostinato, then rehearsed and performed their compositions. Each composition included a mixture of various note values and traditional score conventions. Students were marked on how well they could perform their composition and keep in time with another player.
