

THE WAY

DRUMMERS PERFORM AT PUTT PLANET

On the last weekend of the recent school holidays, our Senior Drum Circle performed at a fundraising event at the popular Mini Golf venue, Putt Planet!

This event was hosted by one of our teachers, Mrs Genelle Griffin and her husband, Wayne. The Fund Raiser Event raised over \$3,800 for the Hope Centre in the slum area of Kayole, which is located in Nairobi, Kenya. The Hope Centre is facilitated through the incredible work and efforts of Bishop Evans & his wife Serah Mkala.

The Hope Centre supports women who are in need due to severe poverty. The centre gives free training in jewellery making and some hairdressing techniques to equip women for the workforce and in the hope of self-sufficiency.

Our Senior drummers opened up the event with a great interactive session of drumming where the audience were able to get involved and play along too. Even Mr Whelan got up and played a djembe for a bit!

It was an excellent event with delicious authentic Kenyan food, an African Choir performing and the chance to purchase jewellery produced by women from the "Kayole Hope Centre". Well done Mrs Griffin for organising the event, and to our drummers for entertaining the crowd at a fun event!
