THE WAY

CODE CAMP TO RETURN DURING WINTER HOLIDAYS

Code Camp are excited to return to Thomas Hassall Anglican College during the Winter Holidays.

Children will be taught how to code, or continue them on their coding journey to build their very own iPhone or Android apps!

Code Camp has already taught more than 35,000 students in Australia. It's a great way to spend time over the holidays, as kids have lots of fun with friends, while learning important new skills

such as logic, creativity, problem solving, app development and game building. It's such a fun and engaging way to learn how to take on and engage the digital world of the future.

Every child attending a holiday camp will build incredible games on Code Camp's software platform ''Code Camp World''. They will walk away with their very own app to share with friends and family, which is playable via the Code Camp App store!

Thomas Hassall Anglican College Winter Camps

We are very excited to be offering three levels of Code Camp these school holidays:

● Little League: Suitable for beginners grades in K-1

● Spark: Beginners + intermediate students in grades 2-6

● Ignite: Returning students in grades 2-6

Follow this booking link for all the dates and details about what's on offer for the Winter Holidays: www.codecamp.com.au/THAC

Enrol today and help your child become a coding superstar!
