CITY2SURF REGISTRATION CLOSING SOON!

It is with great excitement that I invite you and your family to become part of Thomas Hassall Anglican College's City2Surf fundraising event to be held Sunday 12 August 2018.

The College's participation in the City2Surf was inaugurated in 2017, and we are thrilled to see the amount of keen students, parents, and community members who are desiring to join the star-studded lineup. The College team will consist of both a 'Runners/Joggers' group, and a 'Walkers/Light Joggers' group, however, there is still a cost involved for each individual registration, the main details and links for which can be found below. All members of the College community are invited to participate as part of the team.

Please feel free to register yourself/your child, your family, and others connected to the College using the links below. If you have already registered for the City2Surf independently but would still like to join the team, please follow the information below as well. We hope that this event is a fantastic opportunity for community-building between staff and students across the entire College and our wider community, as well as raising money for 'Compassion Australia', our sponsor charity for this year.
