

THE WAY

BONDI TO BRONTE

Bright blue sky, aqua surf, gentle offshore breeze and 24 degrees.

Perfect winter's day for some research on Australian beach culture, which was the purpose for the Year 10 Elective Art Class excursion to Bronte Beach last Friday.

A lonesome whale splashing off the Bondi headland and a sky writing marriage proposal were bonus features of the day. Now it's up to the students to put all of this together in a multi-media artwork.

God is good.
