

THE WAY

TERM 3 MISA RESULTS

On Tuesday afternoon, a range of students were selected to represent the College in the Macarthur Independent Sport Association (MISA).

This term the competition included soccer, netball, oz tag, volleyball and rugby league. Each team trained once a week to enhance their skills and develop strategies to work effectively as a group. Overall, it was a successful term in the competition. Congratulations to all students who represented the College with great pride.

The grand final of the Year 10-12 boys volleyball competition was held in the new Rawdon Middleton VC Sports complex. This was an afternoon to display the team's hard work and determination to be overall champions, despite finishing in second place after the round game competition. The team received support from their fellow peers who sat and cheered in the grandstand. After 40 minutes, the scores were tied at 1 set all and it came down to the final set. With a poor start, the game seemed over when the Thomas Hassall team was down 22-9 in the final set. With great grit and determination, the Year 10-12 boys volleyball team worked courageously to come back from a large deficit to win 25-22 and win the overall competition. What a mighty victory and fitting end as the majority of the team consisted of Year 12 students.

A big thank you to the following teachers who train and coach their team each week; Mr. Wee, Mr. Newmarch, Miss Hanna, Miss Mugridge, Mr. Driscoll, Mr. Makko, Mrs Driscoll, Mr. Nguyen, Mr. Tran, Miss Friel, Mr. Strong, Mrs Howard, Mr. Schrack, Mrs Renshaw, Mrs Low, Mr. Tye and Mr. Williams.
