

DISABILITY PROVISIONS FOR YEAR 12

Disability Provisions are available to a small number of students in Year 12

In order to create a level playing field in the Higher School Certificate Examination and Assessment, Disability Provisions are available to a small number of students in Year 12 with documented medical or learning difficulties. Disability Provisions may include the use of reader/writers, rest breaks and occasionally, extra time.

Although NESA requires detailed evidence before provisions are granted for specific conditions, if you believe that your student maybe eligible, please contact the College and ask for Julie Smythe for details of NESA requirements.

Please feel free to contact me if you have any questions regarding Disability Provisions,

Mrs Julie Smythe

Learning Support Co-ordinator - Senior School
