YEAR 10 TAKES THE CAKE!

This week Year 10 Food Technology students created a new design for their cake shop.

Their design brief was to create a cake decoration design that was inspired by a novel/ book, movie, song, poem or theatre production.

Year 10 learnt a range of decorating skills before they created their cake design and then they assembled their designs during their practical lesson.

Some of the themes that inspired the year 10 Drips Cakes included Disney, Winnie the Pooh, Christmas themes, The Simpsons, and the movie Titanic.

Well done on a great effort Year 10.
