

THE FINAL RESULTS ARE IN

It has come down to the wire . . . who will be the overall Year 4 Reading Champions?

After a two terms of close competition and furious reading, we were locked in a draw. The girls won Term 2's Reading Challenge and the boys took out Term 3's re-match. It was clear that a decider was needed in Term 4 to declare the ultimate winners. Despite a last-ditch effort by the boys in the latter part of the term, the girls took out Term 4's win, making them the overall Year 4 Reading Champions!

Over the last three terms, a whopping total of **178 549 pages** were read by Year 4 students! Notable mentions go to **Leona M** and **Lucas G**, who each read more than 6000 pages, and were the highest contributors for the girls and boys respectively. What an amazing achievement!
