

NEWS FROM THE SENIOR IRC

What's new on the shelf?

A timeless classic with a modern twist.

"Follow Dorothy Gale as she is whisked away to the strange and magical Land of Oz, in this all new gorgeously illustrated collection of the first two novels in L. Frank Baum's Oz series."

The novels in the 'Wizard of Oz' series written by L. Frank Baum are rightly considered to be classics of literature. Made better known by the famous movie with Judy Garland, it is a series that has been delighting children, young people and adults for many years. Now the first two novels in the series 'The Wonderful Wizard of Oz' and 'The Marvellous Land of Oz' have been given a modern twist, this time featuring wonderfully drawn Japanese Manga style illustrations. Drawn by American artist Kriss Sison, this book features a large number of highly detailed illustrations that help give new life and energy to this famous story. The images complement well with the text, which is unaltered from the original novel. With interest in Manga continuing to grow every day, this novel is a fantastic way to make classical novels feel more modern and appealing to younger readers who wouldn't normally read this type of book.

'The Wonderful Wizard of Oz & the Marvellous Land of Oz' is a wonderfully book that will be a hit with all readers who enjoy graphic novels and Japanese Manga. With its modern presentation and great art style, an old classic has been made exciting for a whole new generation.

Lots of Manga has just arrived in the IRC! Make sure you check out the new Manga stand for all the latest releases.
