

YEAR 5 HAD A VISIT FROM DEBORAH ABELA

On Friday 2 March, we had the first visit for the year from an author.

Well-renowned author, Deborah Abela came to talk to Year 5. She is a prolific Australian author and some of her books include: *Max Remy Superspy* books, *Jasper Zammit Soccer Legend*, *Wolfie: An Unlikely Hero*, *The Stupendously Spectacular Spelling Bee*, *Teresa - A New Australian - New City*, and *Grimsdon*

Deborah told the students the secret to writing stories: it has to have three basic ingredients: Characters, location and a complication. She also said that she is always thinking 'I wonder what would happen if...' The students thoroughly enjoyed the visit and felt inspired to write.

One of her novels, *Teresa A New Australian*, tells the story of a young girl and her family who survive the bombing of Malta during WW2, before migrating to Australia to start a new life. The following video uses footage from a trip to Malta in October 2016, where the book was launched by President Marie-Louise Coleiro Preca at her palace. <https://youtu.be/0gll0DfCil8>

Deborah is busy writing the third and final book of *Grimsdon*, which is due out in August of this year.

The students were extremely polite and engaged and represented our College well. Deb's visit is the first author visit for the year. Every year group in P-2 will be meeting an author during 2019.
