

SENIOR CONCERT BAND

The Senior Concert Band had a fun rehearsal session on Thursday afternoon on Harmony Day. It was great to see many different costumes around the room during rehearsal.

The Senior Concert Band also performed two pieces at the Senior assembly this week; *“The Girl With the Flaxen Hair”* by Claude Debussy and *“Can’t Stop the Feeling”* by Justin Timberlake. Debussy is a well-known French composer and pianist, and ‘The Girl with the Flaxen Hair’ is

originally a work for solo piano, however the band enjoyed the re-arrangement of this piece where the melodies are shared between the different instruments in the band, commencing with the Clarinet.

The audience then loved the final Pop number by Timberlake and the percussion section did a great job engaging the audience to groove along at the end of the piece.
