

VISUAL ARTS DISPLAY

MADE Creative Arts Night was truly a night of celebrating the creative work of artists, actors, musicians and singers.

Year 7 students displayed painted self-portraits, drawings and decorated masks.

Year 8 students brought the sea alive with mosaics, ocean waves with ink lines and watercolour fish, sea turtles and jelly fish.

Year 9 students represented their study of objects with motor bike drawings and still life canvases.

Year 10 students focused on depicting the face and figure in drawing, decorative designs and ceramic sculptures.

Year 11 students illustrated their inner world of 'Childhood Memories' in various artforms and the physical world of the College in Photography, Sculpture, Painting and Drawing.

Congratulations to all the students whose visual arts work was so beautifully executed and displayed.

Mrs Cheryl O'Mara

Secondary Teacher - Creative Arts
