CODE CAMP HOLIDAY PROGRAM

Code Camp is back for the next school holidays!

After the success of the last July Holiday camp, Code Camp is back and will be running 9 - 11 October. There are three camps running based on age groups, with the camp catering from ages 5-13.

From drag and drop coding to JavaScript, children will enjoy getting creative and building their own apps, games or websites. Code Camps mission is to make learning to code a journey your child will want to continue. You can download the flyer for this camp here.

To sign up or to find out more information, visit the website. Code Camp is a registered provider for the Creative Kids Rebate.
