## INTERMEDIATE STAGE BAND ASSEMBLY PERFORMANCE

At a recent Years 3-6 assembly, our Intermediate Stage Band performed the well known funk instrumental tune from the 1970's 'Chameleon'.

These students had been working on this piece for a few weeks, and they all did very well playing the melody, holding down the groove, and most importantly, they all had a turn improvising in front of the excited audience. All students did very well to perform this difficult, yet extremely fun piece of music. The Intermediate Stage Band also played a great set of music at the South West Festival that took place over the weekend. Well done to all students involved.
