

ILLUMINATE TAS

An impressive array of creative furniture was on display at Illuminate.

Year 12 students displayed their various final works which demonstrated effective woodworking skills through the use of unique materials such as resin, dovetail joints, parquetry and much more to give their works that point of difference.

Each work clearly represented hours of focused dedication to detail as you can see in the photos. Tyler Cooke received the People's Choice award on the night.

Congratulations to all the TAS students involved.

Mr David Phelps

Senior School Teacher - TAS
