

THE WAY

YEAR 6 MUSIC

Throughout 2019, Year 6 have been on a rotating music program, where they focus on a different element of music each term.

One of their study units with Mr Mark looks at introductory African rhythms, the analysis of poly-rhythms, composition and arranging. Students have a great time learning syncopated body percussion patterns and an African rhythm piece. Students also take turn in conducting their peers, teaching them leadership and arranging skills. 6W have had a blast this term as they wrap up their music studies for the year – well done everyone!

Mr Byron Mark
Director of Ensembles
