

2020 TALENTED ATHLETES PROGRAMS AND DEVELOPMENT PROGRAMS

We are excited to announce that we are introducing more programs into the Talented Athlete Program for 2020.

In addition to afternoon Basketball Development programs we are starting a **Year 6 - 12 Advanced Pathway Basketball program**, targeting our Basketball representative players.

In Dance we are introducing 3 more Dance classes, including **Classical Ballet** for students in Kinder - Year 6.

Our Sport Speed program for Year 3 - 12 will also be expanding into **Sport Conditioning**, targeting fitness, conditioning and strength training for our representative students.

The additional programs complement the existing Football (soccer), Basketball, Dance and Sport Speed programs which were popular this year.

The overall daily schedule is found on the [book page](#).

To find out more information, read the individual brochures below:
