

UOW DISCOVERY DAY 2020

On Monday 3rd February, Year 12 attended the University of Wollongong (UOW) 2020 Discovery Day.

Students got to experience a variety of lectures discussing the different opportunities and courses provided at the university. Some lecture options included Law, Business, Psychology, Medical Science, Studying Abroad, and a student to student Questionnaire. Being inside the lecture halls and hearing from specialised professionals allowed us to experience an authentic university lifestyle. This gave us a deeper insight to the opportunities of our future and observe the great facilities UOW has to offer.

A big thanks to Mr Ward and the University of Wollongong who organised and ran such a helpful day.

Brielle Bithio
