

THE WAY

TITLE: SAILBOAT STUCK IN TREE

Yes, you read correctly.

Wilberforce had a great time on camp. Everyone got involved and enjoyed themselves, and everything seemed normal - until we went sailing. While Wilberforce took the mantle of best dragon boaters and best chanters, they also took the mantle of 'only sailors whose boat was stuck in a tree'.

While other houses managed to capsize, no other house quite matched our level of maritime mastery. The group took the adventure on good humour with one student commenting that it could have been a lot worse were there drop bears in the tree.
