

2020 TALENTED ATHLETES PROGRAMS AND DEVELOPMENT PROGRAMS

Have you enrolled in our Talented Athlete programs? Spaces still available in some programs...

This year sees more programs added to our morning and afternoon Talented Athlete Program.

In addition to our afternoon Basketball Development programs, this week we commenced a new **Years 6 - 12 Advanced Pathway Basketball program**, targeting our Basketball representative players. If you are interested in joining the APP Basketball Program please complete the online registration form. We will have another enrollment session at the end of Term One.

In Dance we introduced 3 more Dance classes, including **Classical Ballet** for students in Kinder - Year 6.

Our Sport Speed program for Year 3 - 12 has expanded into **Sport Conditioning**, targeting fitness, conditioning, and strength training for our representative students. Places are still available in this program.

The additional programs complement the existing Football (soccer), Basketball, Dance and Sport Speed programs which were popular last year.

The overall daily schedule is found on the [book page](#).

To find out more information, read the individual brochures below:
