During this time of Blended Learning Online, our Creative Arts department have been encouraging students to continue their music journeys with regular practice and listening schedules.

Some students have submitted sample videos of their practice sessions, and it has been great to see music learning continue in the home.

One of the bands have begun to submit music performances with the view to create a combined online performance. Our choir groups are also working towards a virtual choir.

The Year 4 Band Program has also been moving forward, with all tutors making weekly instrumental tutorial videos for the students to continue practicing and learning new notes on their instruments.

The music will continue on Monday in our very first virtual assembly, where two Year 12 students will perform and be streamed live to all of our homes to enjoy the music during the event. Thank you to all those parents who support their child's music education during this alternate method of education.

Mr Byron Mark
Director of Ensembles
