

YEAR 12 PE

This term, Year 12 SLR are completing a module on Coaching and what better way to apply the content they have learnt about effective coaching practices than with our own students!

On Tuesday, Year 12 organised a fun and exciting lesson where Year 8 students participated in a variety of group challenges. They had the opportunity to develop team building skills such as communication, encouraging others, problem solving and decision making.

Thank you Year 12 for serving our younger students and showing excellent leadership and also in this case, coaching skills!

Mrs Irene Focas

Secondary PDHPE Teacher
