

THE WAY

THE WAY WEEKLY RECAP I
FRIDAY 21 AUGUST 2020

SENIOR CONCERT BAND

During these interesting times, our student musicians are exploring new methods of music creation in their band rehearsals.

An important part of music is understanding how to write and notate. All of our ensemble students now have the opportunity to work together and compose music for their specific sections.

There are some fantastic musical ideas being produced, and it's exciting to see the students think in creative ways. These sessions are facilitated by their music tutors. Once it is announced safe to perform woodwind and brass instruments in groups again, students will be performing their compositions for their ensemble.

Mr Byron Mark

Director of Ensembles
