

JUNIOR CONCERT BAND

Creative Band Rehearsals

During COVID restrictions, our co-curricular music ensembles have been experiencing various different activities to further their music education; from composing, research activities, and musical games. This week, our **Junior and Intermediate Concert Bands** participated in a 'musical round robin', where students had 5 minutes to complete six different stations of musical activities. This was a fun event, and students enjoyed the various games that challenged their

overall music knowledge, and even a bit of Maths and English thrown in there too! Well done to these students for being good sports.

Mr Byron Mark

Director of Ensembles
