JUNIOR CONCERT BAND

As you may have seen from recent articles, our Junior Concert Band commenced learning how to march during the COVID band restriction time.

Now, we have decided to combine these skills with their instrument playing, and the students are preparing a marching routine for the upcoming Junior Celebration event. This will be a historic moment for the College, being the first marching band performance! The students and teachers are excited, and we look forward to the next few rehearsals before the big performance in a few weeks' time.

Mr Byron Mark
Director of Ensembles
