YEAR 5 SCIENCE SHOW

Last week, Year 5 were excited to have a Science Show visit us at College .

The visiting scientist, Sonyia, showed us lots of different chemical and physical reactions. We saw chemicals change colour, dry ice react with water and dish soap, green-coloured fire, and a mixture which caused 'elephant’s toothpaste' to shoot up out of the container!

Students were also able to share their knowledge of liquids and gases from our current SCIL unit. It was a fantastic show!

Miss Claire Donaldson
Year 5 Team Leader
